

# NOT JUST ANOTHER GRAFFITI ON THE WALL

Erasmus+ Youth Exchange | April 1-8, 2019 | Orta Nova, Italy

# About the project

Hate speech in the public sphere takes place online and offline, and affects young girls and boys, women and men. Freedom of speech is an absolute value in any democracy, both for the public and for the media. At the same time, opinions and debates challenge us as hate speech are spread widely and frequently on new platforms for publishing. Hate speech may cause fear and can be the reason why people withdraw from the public debate, as a result important voices that should be heard in the public debate are silenced.

The problem about hate speech is that most of the people are not aware of what it is, that is why we with this project we want to combat ignorance and take a concrete step in making young people (and the citizens affected by the project) understand what can be done against the spread of this negative phenomenon.

We want to carry out this project as a direct result of the organization's aims and objectives. With this project we want to combine several factors, that are: creating awareness on hate speech, spreading the message of the defence of Human Rights, boosting creativity, giving young people instruments for the combat against the phenomena, which will meet in the activities carried out by the project creating awareness among the local community and the people affected by the project results.

We would like to implement a project which aims to:

- Create awareness among the participants and the local community on the topic of No Hate Speech;
- Fight ignorance on Hate Speech and its consequences among the local community;
- Encourage young people to take concrete actions in the defense of Human Rights;
- Support young people in finding instruments, boosting their knowledge and awareness on what institutions do on the subject;
- Foster active youth participation, helping young people to become agents of positive change in their society and in Europe;
- Develop a better understanding of the concepts of democracy, citizenship and participation;

# How to get there?

Before buying any ticket please ask us confirmation.

Your best choice will be to land in Bari Airport!

Choose preferably flights that are landing in Italy in the morning so you will have the time and the assured transportation to reach the Bari on time.

**Very important: We will create a pickup point in Bari (airport or central station) accordingly to your arrivals. It is important that you will assure your presence at Bari not later than 17.00.**

Transport will be organized with a bus from the pickup point to the venue of the Youth Exchange, Orta Nova. Cost of this bus is around **20€** per person, and it will be covered with the travel budget. (This means that if your total reimbursement is 275€, you will be cut out 10€ from the total amount, so it will become 255€). (20€ is both for arrival and departure)

Don't reserve any train ticket in order to reach Orta Nova, as we will provide internal transport from Bari to Orta Nova. 😊👉

After you will communicate to us your arrivals, we will make a schedule that you can follow with information on the exact time and place of the pickup point!

Same goes for the departures, organize your trip with the departure from Bari so you will be taken there in the morning of April 8<sup>th</sup>.
