Erasmus+ Training Course

Borgo incoronata, Italy – July 20th – 26th, 2021

About the project

The topics that we would like to address in this project are Soft skills development and Human Rights. How we can connect these two (seemingly) distant topics? Through the educational methodology of educational games, creativity and innovative methodology. Our focus will be given on effective communication, teamwork, creative thinking and problem-solving is increasing. Soft skills development can be effectively done through experiential learning with experience being a base for reflection, which is leading to development. Soft skills are developed through real life work and often developed through gaming techniques and methods.

Objectives:

- Exchange practices and methods of soft skill development through youth organizational activities
- Introduce the concept of PEQ as a methodology for developing soft skills of young people
- Equip participants with tools and frameworks for developing educational PEQ games
- Train participants in debriefing educational game activities and fostering self-assessment in young people
- Provide space for designing and testing educational portable and escape quests
- Create a set of educational PEQ games that foster soft skill development in young people
- Empower youth workers/youth leaders to use PEQ games while working with youth

Training Program

The **Training Course** will be intense and will include **4 practical sessions of 90 minutes per day** with designated 60 minutes of reflection while the game design stage workload will depend on each team's pace. The training is designed to produce **physical results** (portable escape quests), so there will be very little free time during the week. **The training program will cover introduction to game-based learning, escape room principles, educational quest design, practical sessions on creating own game concepts, testing the concepts, documenting games and reflecting on the application of such methodology in work with youth.** As a result we foresee to create and test at least 4 games in the local community as well as create a **resource manual** for youth workers & youth leaders to use when working with soft skill development.

How to get to Borgo Incoronata?

Choose preferably flights that are landing in Italy in the morning or the day before, so you will have the time and the assured transportation to reach the meeting point on time.

Very important: We will create a pickup point in Bari according to your arrivals. It is important that you will assure your presence in Bari not later than 17.00 on July 20th. Transport will be organized with a bus from the pickup point to the venue of the Youth Exchange, Borgo Incoronata. Cost of this bus is 20€ per person, and it will be covered with the travel budget. This means that if your total reimbursement is 275€, you will be cut out 20€ from the total amount, so it will become 255€ (20€ is for round way trip.) Very important: this bus is already booked so the cost will be cut off from each participant regardless their intention to catch this bus.

Do not reserve any train ticket in order to reach Borgo Incoronata, as we will provide internal transport from Bari to the venue. 😊👉

After you will communicate to us your arrivals, we will make a schedule that you can follow with information on the exact time and place of the pickup point!

Same goes for the departures, knowing that the organized bus will bring you to Bari in the morning of July 26th at 8.00.
