## Youth Exchange-KA105

27th of September(Arrival)- 6th of October (Departure) 2022  
Hatay-Turkey

**About the Project:** The purpose of the project is

creating awareness about effect of the technology on the future generations. This project has been created in order participants to learn and share the consequences of

misusage of technology. Is it a danger or a value?

We will try to find answers of

- \*What's social media and gaming addiction?
- \*How much addicted we are?
- \*Is e-sport a sport?
- \*What's future jobs which we cannot study at the school?

- \*New language emerging as technology develops.
- \*How we can think global and act local to aware more people.

We will also have meeting activities, ice breaking games before every activity , cultural nights which will lead us to be aware about our culture and we will learn about European values. Our project will be placed in the center of many civilizations, the city of different cultures, Hatay-Turkey.

## **What to bring;**

Weather in Hatay is usually warm during the autumn. It has mediterranean climate so we expect it will be sunny days during the project but possible to rain as well. We suggest you to be aware about weather forecast in

Hatay before the project while you are preparing your clothes. Also, take some basic pills with you in case you get sick or catch a cold. If you follow a special treatment which requires special medication, remember to take it along with you as well. Regarding the intercultural evenings, feel free to bring your bag together with traditional clothes, food, snacks or drinks with you. And the most important thing; do not forget your motivation, smile and excitement!
